

PRODUCT CATALOG

2010

It all starts here.

Why has the new GC2 Smart Camera System received such incredible response from golf's top instructors and manufacturers?

It's accurate.

Verifiable accuracies that surpass the industry's top ball flight analysis solution.

It's capable.

Flawless performance on every type of shot - including flops, chips and putts.

It's versatile.

A professional-grade ball flight analyzer, simulator, and training tool in one.

It's easy.

Self-leveling and free of any calibration, the GC2 is as hassle-free as it gets.

It's portable.

The GC2 easily fits inside any standard-sized golf bag.

But don't take our word for it.
Just ask our Customers...

GOLF

FEATURED CLIENTS

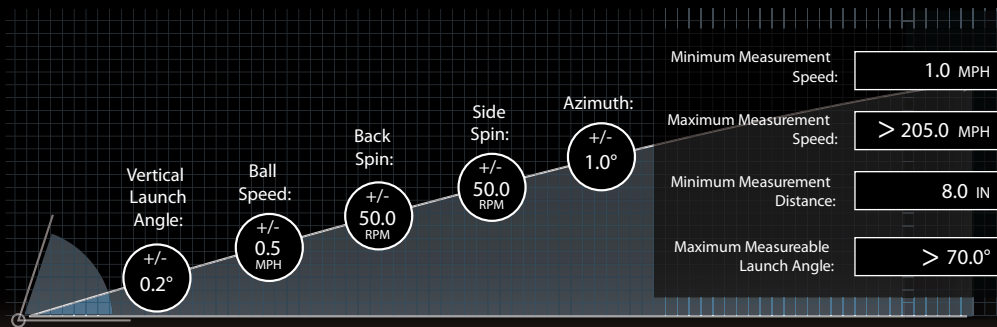

It's a Game Changer. [®]

The GC2 is a portable, stereoscopic, self-leveling, smart camera system that accurately measures all ball launch parameters at impact – velocity, vertical launch angle, azimuth, back spin, side spin and total spin. All values, including carry distance, are displayed on its onboard LCD. With a rechargeable battery life of more than 8 hours and its own light source, the GC2 has unparalleled accuracy inside, outside, on grass or artificial turf.

DIMENSIONS:	5.5" x 10" x 3" (closed)	14cm x 25.4 cm x 7.6 cm
WEIGHT:	3.8 lbs	1.7 kg
BATTERY:	6-8 hour Lithium	(Rechargeable)
DATA INTERFACE:	Bluetooth / USB	

The GC2 consistently measures ball launch characteristics with the tightest tolerances in the industry. *

Unmatched ball launch analysis data starts with unbeatable measurement accuracy, and the GC2 delivers.

In independent tests, the GC2 consistently outperformed the industry's most trusted ball measurement technologies.

*Based on Ground Truth® Test-Proven Tolerance results.

Starter Course Package + Fitting Mode

ONE & FIVE-COURSE PACKAGE OPTIONS

Take advantage of full play and practice scenarios that offer closest to the pin, long drive and internet play options in any lighting or weather conditions you choose. As part of our 50+ championship course library, enjoy fly-bys, in-the-hole putting, replays, multiple formats and unlimited player profiles where you can save your stats, results and greatest shots.

Our fitting mode software provides a comprehensive virtual depiction of your launch condition, shot shape and down range values all in real time.

Key features include:

- Practice options from various tee positions, plus chipping & putting
- Important values including maximum height and angle of descent
- 11 strategic camera angles for rich virtual viewing
- Unlimited unique color tracers for club and ball comparison
- A "Green Grid" contour map for true green reads
- For use on all purchased virtual courses
- Save and export data to CSV files

FIVE-COURSE PACKAGE includes

- FORESIGHT LEARNING CENTER*
- 1 LA TEMPETE
- 2 MONTEREY BEACH
- 3 MONTEREY GLASS
- 4 TURNBERRY
- 5 WARWICKSHIRE BRABAZON*

SHOT ANALYSIS

BOMBER - 6 IRON

SHOT ID	TIME	CLUB HEAD SPEED	BALL SPEED	LAUNCH ANGLE	AZMUTH	SIDE SPIN	BACK SPIN	TOTAL SPIN	DESCENT ANGLE	CARRY	TOTAL DISTANCE	OFFLINE	PEAK HEIGHT
004	14:16:36	78 MPH	114 MPH	14°	-1°	564 RPM	5370 RPM	5400 RPM	41°	170.42 Y	185.98 Y	2.07 Y	25.04 Y
007	14:18:03	77 MPH	112 MPH	18°	0°	1109 RPM	6226 RPM	6325 RPM	46°	165.01 Y	176.05 Y	16.39 Y	30.41 Y
008	14:18:26	81 MPH	117 MPH	16°	-2°	-65 RPM	5274 RPM	5375 RPM	45°	178.62 Y	193.05 Y	-12.42 Y	30.79 Y

Get the most from your simulation experience. Take a look at our simulation-optimized computer systems on page 11.

* Included in 1-course package.

Additional Course Packages

Once you've purchased a Starter Course Package + Fitting Mode, expand your library with our additional course packages. Featuring stunning reproductions of some of the world's most famous courses, each package delivers the most incredible simulation experience available today. Enjoy full play and practice scenarios that offer closest to the pin, long drive and internet play options in any lighting or weather conditions you choose. Our course play provides fly-bys, in-the-hole putting, replays, multiple formats and unlimited player profiles where you can save your stats, results and greatest shots.

Simulation Overview

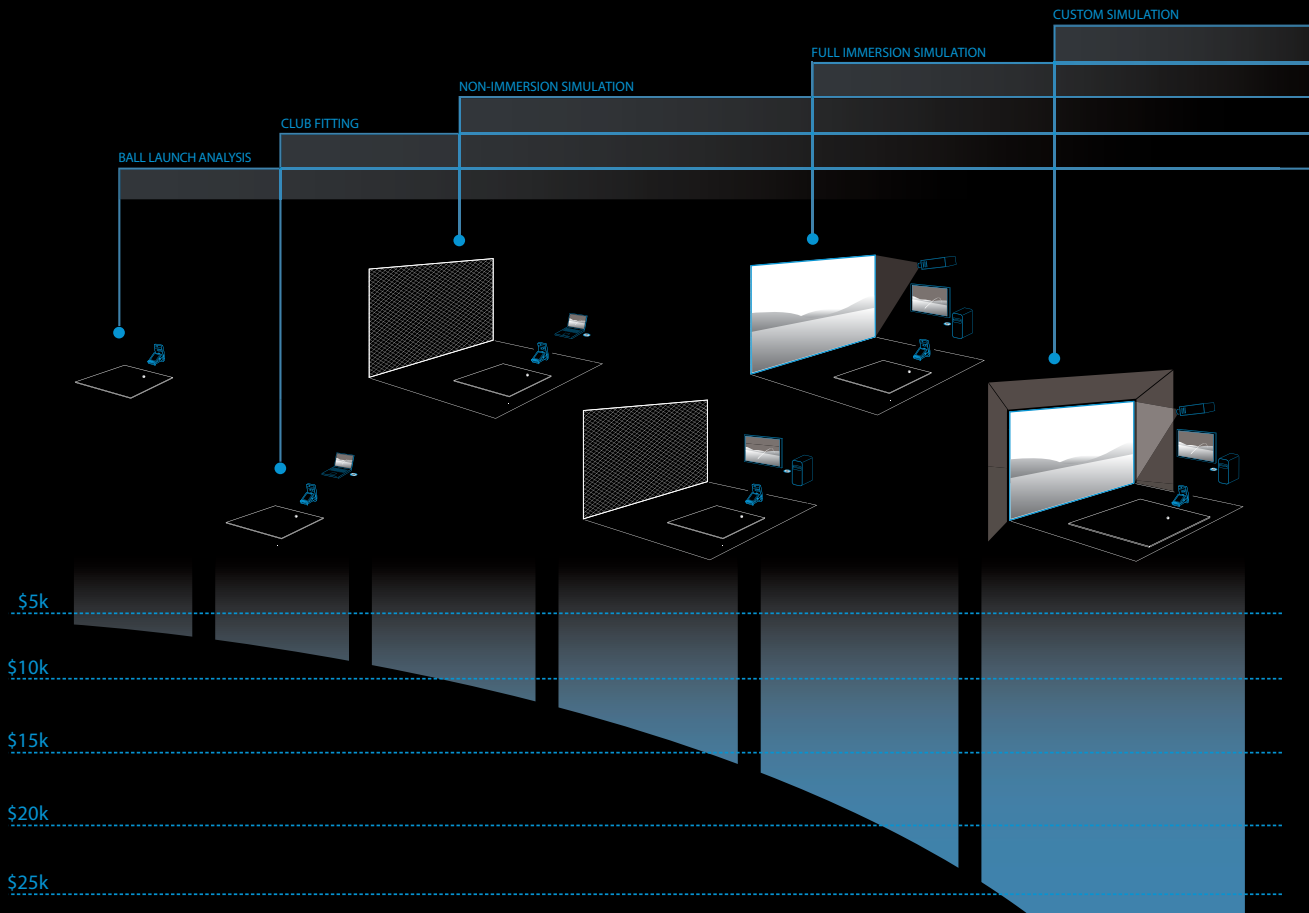

The GC2 advantage: an experience that grows with you.

Whether you're using it indoors or outdoors, the unparalleled accuracy and versatility of the GC2 provides a new level of knowledge and experience. And beyond its performance, the simple, any-environment mobility of the GC2 provides the perfect technology platform for a simulation experience that grows with your needs and capabilities.

We call it the FLEXIBLE SIMULATION EXPERIENCE[®]

Forget the days of over-sized, over-priced simulators that only work indoors. With the GC2, you can build the simulation experience you want. Start with the real-time analysis of the GC2. Connect it to a PC for life-like simulation and begin building your simulation studio. From a simple net to a custom-built environment, the GC2 lets you build the experience you're looking for with never-before-seen flexibility and affordability.

Start big or small. Scale up or down. Powered by the GC2, our FLEXIBLE SIMULATION EXPERIENCE[®] lets you build and modify the simulation environment you want. And when you're ready to hit the range, simply unplug the GC2 and take it with you.

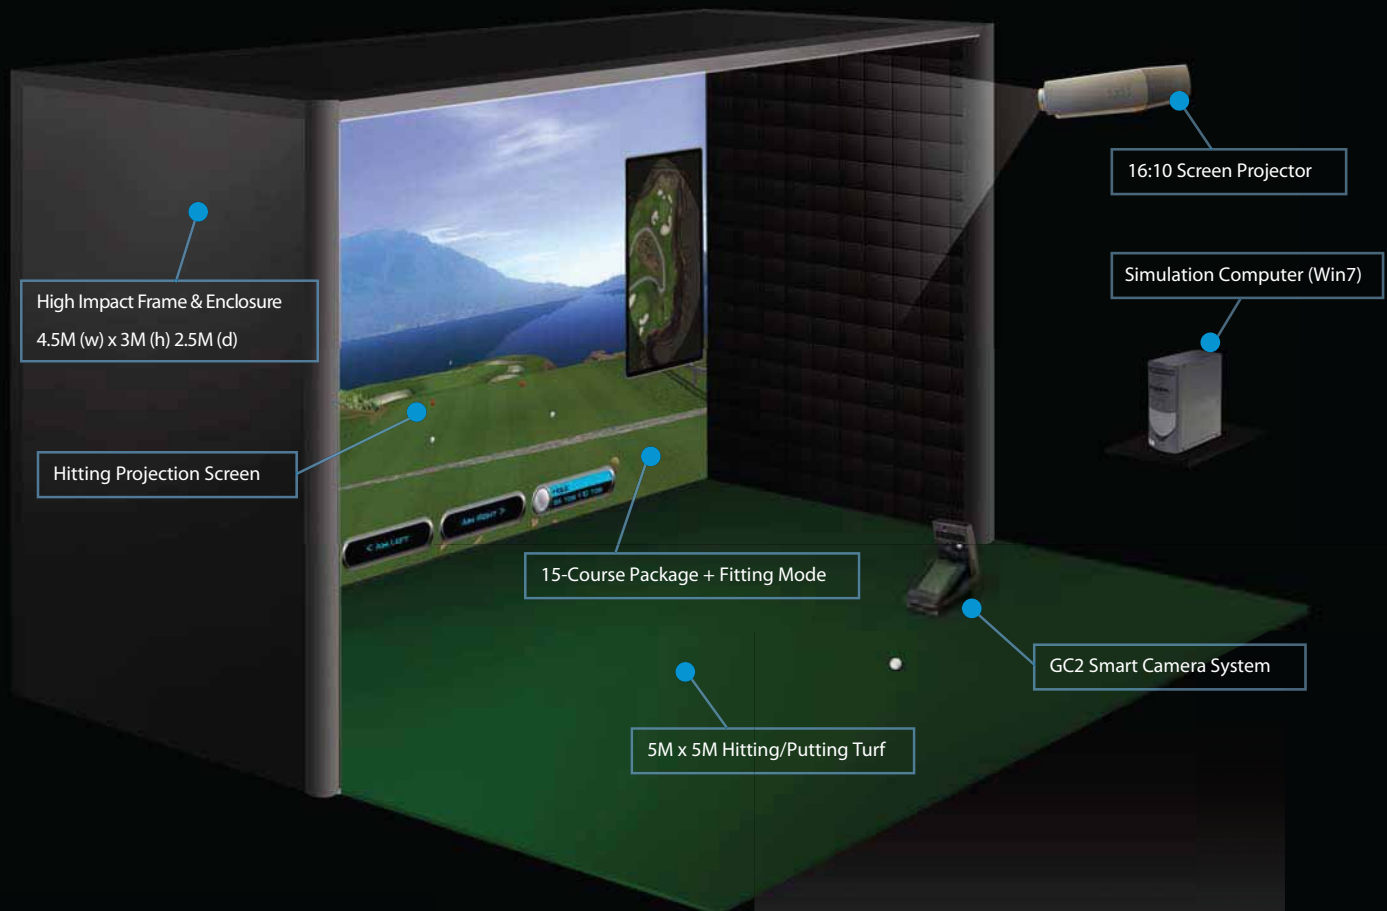

GC2 Simulation Immersion

FLEXIBLE SIMULATION EXPERIENCE[®]

With everything you need to experience true-to-life, full immersion excitement, our GC2 Simulation Immersion solution delivers the ultimate in GC2-powered simulation value. This complete simulation solution includes:

High Impact Frame & Enclosure
4.5M (w) x 3M (h) 2.5M (d)

Hitting Projection Screen

15-Course Package + Fitting Mode

5M x 5M Hitting/Putting Turf

16:10 Screen Projector

Simulation Computer (Win7)

GC2 Smart Camera System

Also includes:

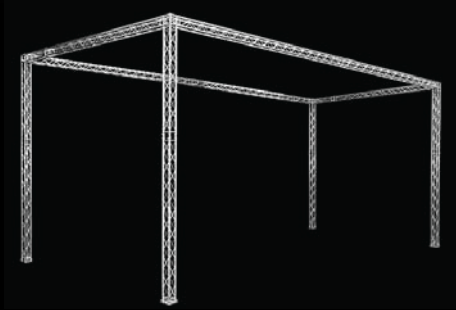

- Elevated Protective Cradle
- Extended Cable Package

Installation Services Not included.

Simulation Frames & Enclosures

Build your dream golf simulation experience with our durable simulation frames and enclosures. Made of lightweight, industrial-grade aluminum, our simulation frames are easy to assemble and built to last. Outfitted with durable, high-impact padding and fabric, our simulation enclosures provide the light shielding and ball control necessary to make your simulation environment enjoyable and safe.

4.5 meters (w) x 3 meters (h) x 2.5 meters (d) frame only

4.5 meters (w) x 3 meters (h) x 2.5 meters (d) frame with high-impact padding, fabric finishing and projection screen

Custom Simulation Environments

Looking for the ultimate simulation experience? Our team of experts can design, build and install your dream simulation environment for years of true-to-life full immersion excitement, and give you the professional advantages of:

On-Site Training

From single-room residential to multi-bay commercial installations, the Foresight Sports team can make your simulation dream a reality. Contact us today for more details.

Simulation Accessories

Hitting Projection Screen

Our specially designed polycarbonate material is sized to your specifications and enables brilliant full-immersion simulation game play via a projected image.

Hitting / Putting Turf

Our 5 meter x 5 meter artificial putting turf provides a maintenance-free solution that looks and feels like real grass.

22" Touch Screen

Eliminate the need for a mouse and keyboard with our standard 22" wide touch screen monitor.

Comes with both stand and wall mount hardware.

Projector

Our standard 16:10 wide screen projector provides a larger than life experience in high resolution.

Simulator Cable Package

Our extended cable package ensures the highest video quality possible from your PC to your touchscreen, flatscreen, or ceiling-mounted projector.

Replacement Accessories

Infrared Flash Module (Replacement)

The FS640 Infrared Flash Module quickly and easily replaces your expired infrared flash.

Computing Accessories

Sim-Optimized Laptop PC

Forget the guesswork and get the most out of your club fitting and simulation course play experience with this simulation-optimized laptop.

OPERATING SYSTEM	WINDOWS 7 (64 bit)
MEMORY	4Gb RAM or greater (when operating WIN7 64b)
PROCESSOR*	2.0 GHZ Dual, Quad Core, or i series processors or greater (AMD or Intel)
VIDEO CARD*	Video Card – 1 GB RAM or greater with memory bandwidth > 25 GB/sec

*Selection may vary depending on customer need and product availability.

Sim-Optimized Desktop PC

Forget the guesswork and get the most out of your simulation and full immersion course play experience with this simulation-optimized desktop PC.

OPERATING SYSTEM	WINDOWS 7 (64 bit)
MEMORY	4Gb RAM or greater (when operating WIN7 64b)
PROCESSOR**	2.0 GHZ Dual, Quad Core, or i series processors or greater (AMD or Intel)
VIDEO CARD**	Video Card – 1 GB RAM or greater with memory bandwidth > 75 GB/sec ATI- Radeon HD 5770, 5830, 5850, 5870, 5970 NVideo GeForce GTX- 260, 275, 280, 295, 470, 480

** Selection may vary depending on customer need and product availability.

Travel & Protection Accessories

Elevated Protective Cradle

Our impact-tested protective housing keeps your GC2 safe under the everyday impact conditions of driving ranges, gaming facilities, and your own simulation studio. Constructed of high-strength aluminum and finished with a durable, glare-free powder coating, the FS400 accommodates floor mounting and includes a lock-accommodating access door for theft-resistant peace of mind.

Available in silver only.

DIMENSIONS	12.0" x 7.0" x 12.75"
EMPTY WEIGHT	1.75 lbs
PROTECTION	BALL IMPACT, THEFT
CONSTRUCTION	POWDER-COATED ALUMINUM

Hard Carrying Case

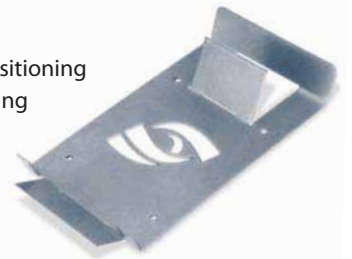

Our GC2 Hard Case is the ultimate in crushproof, waterproof and dust proof protection for your GC2. Durable, high strength plastic and custom-molded foam insure your GC2 is safe and secure under even the most adverse conditions.

Available in black only.

Flat Fixed Cradle

The FS460 enables fixed positioning for consistent alignment during indoor club fitting or full-immersion game play.

DIMENSIONS	10.0" x 5.5" x 1.5"
EMPTY WEIGHT	1.0 lbs

DIMENSIONS	15" x 12" x 7"
EMPTY WEIGHT	4.5 lbs
PROTECTION	WATER / DUST / IMPACT
CONSTRUCTION	POLYPROPYLENE / FOAM

Extended Warranty

Extend your existing Manufacturer's Warranty on your GC2 Smart Camera System with our 1-Year Warranty Extension.

Additional Service Details

As part of our Customer Service for new customers of Foresight Sports products, Foresight Sports includes 1 hour of phone guidance / operational training on:

- The setup of computers, projectors, monitors, and environmental installations that have been provided by Foresight Sports
- The setup and installation of software products that have been provided by Foresight Sports

For services required beyond the authorized services outlined above, or for any non-warranty service on products beyond valid warranty or upon products not provided by Foresight Sports, Foresight Sports offers service at a prepaid rate of \$100 per hour for operational training on:

- The setup of computers, projectors, and environment installations
- Software tutorials
- Blueprint or CAD designs for space and specifications
- Non-warranty repairs

For a service quotation, please contact your Foresight Sports Sales Representative.
